

About Us:

Woods Grain is at the forefront of meeting global and domestic demand for premium Australian-grown pulses and grains.

Woods Grain buys all commodities, with quick easy delivery and offers ex-farm or delivered pricing, with prompt reliable payment. Our staff are well trained across quality and operations to ensure that all products are received and despatched within specification. Woods Grain specialises in all aspects of grain handling, offering services for both growers and consumers.

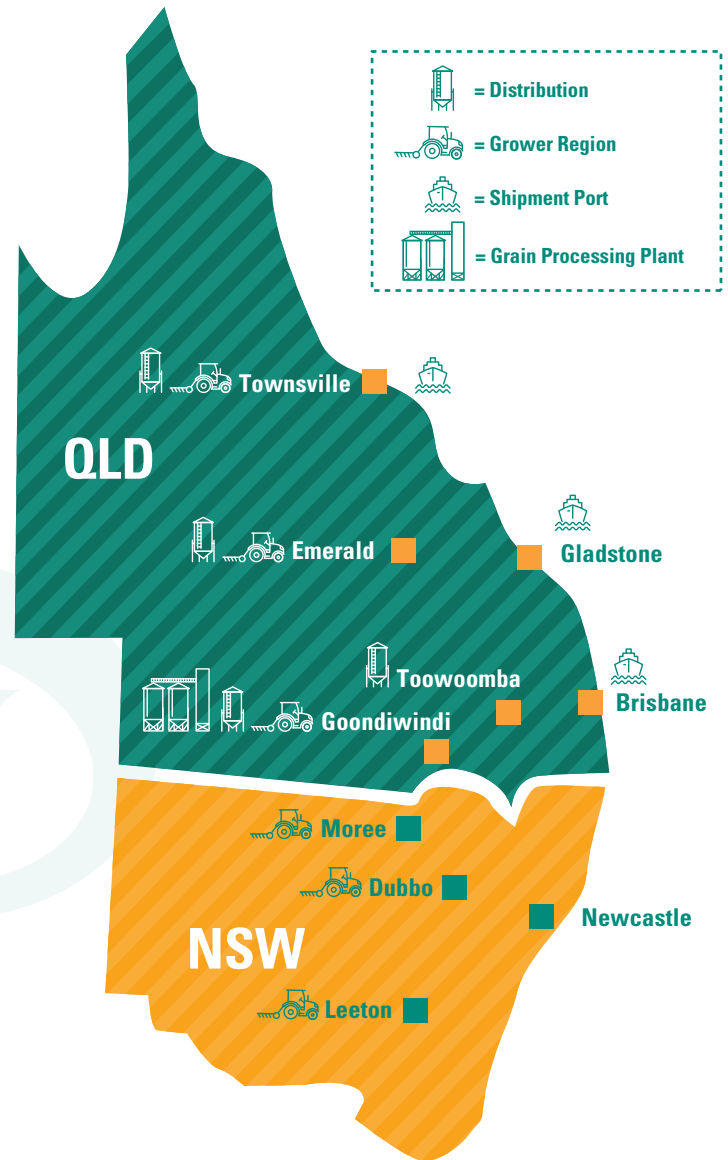

Key areas of Woods Grain include the following:

- Grain Buying / Marketing
- Grain Export Accredited Facility
- Pulse Processing
- Container Packing
- Grain Cleaning
- Grain Storage
- Grain Drying
- Bulk Freight

The sophisticated multi-purpose grain processing plant that Woods Grain operates gives us the capability to handle all types of grain and has been designed for the purpose of offering flexibility depending on seasonal conditions and demands.
